

Al Mahhar Holding Company's Team Services and Rentals Secures 3-Year Contract with Downstream Operating Company

Team Services and Rentals (TSR), an Al Mahhar Holding Company, is pleased to announce a 3-year contract with one of Qatar's downstream operating companies. This contract represents a significant breakthrough in our ongoing efforts to advance the efficiency and sustainability of the energy sector in Qatar.

Our approach leverages Condition Monitoring and Maintenance Management, a comprehensive multi-disciplinary method aimed at optimizing the performance of turbomachinery. This is achieved by maintaining the integrity of lubrication and hydraulic oil systems, directly contributing to enhanced profitability for our clients.

For the duration of the contract, Team Services and Rentals will provide specialized Oil Care services designed to:

- Eliminate oil wastage
- Improve the quality of oil used in machinery
- Enhance the overall reliability of the equipment

This initiative is expected to be transformative in waste management, negating the need for oil disposal and saving thousands of gallons of waste oil each year.

Our suite of services includes:

- Oil Flushing
- De-Contamination and Filtration
- Oil Quality Enhancement

For additional information on our oil support systems and lifetime oil extension programs, we invite you to consult our experts based in Doha, Qatar at info@teamserv.com.qa or +974 4033 1750.
